Comments/TA Provided:

Visit completed with sanitation inspector from the Department of Agriculture for capacity increase. Corrections required prior to capacity change: mini fridges in toddler and infant room need to be defrosted and re-calibrated to the right temperature. Kitchen fridge needs a thermometer and to be set to the correct temperature. Additionally, prior to using morning preschool room and old infant room, mini fridges need installed and to be at correct temperature and sanitation inspector needs to come out and check them. Licenser will check the required changes on Wednesday, 08/04/2021, at 10am prior to new director orientation.
