

FACILITY VISIT

Facility Name: YMCA of Natrona County Child Watch

Date: 03/23/2022

Time: 03:44

Provider: _____

Certificate #: 014842

Phone: 307-234-9187

Address: 1611 Casper Mountain Road

City: Casper

Facility Type: ☐ FCCH ☐ FCCC ☒ CCC

Comments/TA Provided:

This is a facility visit because the facility has created child care space specific to children who will be attending for drop in care. The facility is not required to serve food at this time since they are open for each child a maximum of 2 hours. The facility has only one bathroom with one toilet and the diaper changing table. Licenser will staff with supervisor to determine if this will affect the capacity available for the space. The child care space will not be required to have outdoor play space because children will only be attending for a max of 2 hours periods. The space measures at Length 34', Width 24'5" and no deduction because the space only have one entry that opens outward and the space between the bathroom door and the exit door compensates for the footage. Provider will be frosting the glass on the lower portion of the windows to ensure that public will not be able to see into the child care area. Licenser will staff with supervisor if the child care space needs to also frost or cover the indoor windows to the pool and the common area. The space will be use for mixed age groups. Capacity measurements allow for a total of 23 children to be in care. Discussed staffing for the space because they will need to have their own staff available at all times that are fully qualified. The facility is planning to open for child care within the next week or so.
