Unannounced visit to monitor compliance from 9/02/21 facility visit. They are doing either 2 to 15 in the big room, or have 3 staff with additional children. Today they have 4 staff in the room as they are training. Discussed staff record with Yvonne. She has three staff that are new and need CPR/FA training, they are scheduled for the class tomorrow. Also, gave Yvonne the information that when her new staff are doing the pre-service training on Ithinkific, that they need to assure that they are doing the medication training as well. I showed Yvonne how she could find the medication training. She needs to have Brandy Miller and Kassidy Sucher do the medication training as soon as possible and send me copies of their certificates. Reviewed ratios in classrooms, staff qualifications, and staff working on variances. All in compliance. Discussed with Mixed classroom staff as they are trying to separate to do circle time/art time and still struggling suggested maybe during those times that they are trying to separate that they maybe use one of the empty classrooms so that there is less distraction. Zootopia - 8 children with 2 staff (Kassidy/Violet) 7 1 yr olds and 1 3 yr old Finding Nemo/Incredibles - 17 total children 7 2 yr olds with Kelsey/Hanna and 9 3 yr olds with Alicia/Kiley Winnie The Pooh - 3 infants with Theresa. Observed that infants were sleeping in cribs, with no blankets. Discussed infant care with staff, they do have sleep sacks for each child if needed. Lion King - 12 children with Brandy 1 3 yr old, 9 4 yr olds, 1 5 yr old, and 1 6 yr old. Reminded that Alexis needs to have ELG/ELF which was required within 12 months. Yvonne didn't think she had to have them due to being under 18. Explained that being under 18 doesn't exempt them from training and that she needs this training. At this time Alexis is not working in the classroom she is just helping with cleaning and other things around the facility. Please call me with any questions. Thank you!
