Comments/TA Provided:

Unannounced visit, spoke with Erika, discussed discipline and guidance, staff requirements, staff/child ratios, confidentiality, infant bottles and feeding. Discussed the staffing requirements. Verified staff/child ratios in classrooms. We did request that the director make some changes and move a couple littles into the classroom with two staff as they were crying and one staff was having a hard time with 3 children crying. There are a few unqualified staff listed on the staff record summary. Reminded Erika that they could not work at the facility until the time they are fully qualified or have approved variances on file. Discussed what staff working on variances looks like.
