Comments/TA Provided:

This is a follow up visit to ensure that requirements are completely met for renewal. The facility was closed due to covid 19 at the normal time of renewal so issued a provisional license and conducting this visit to ensure compliance with attendance, ratios, and supervision. There are 7 children in attendance at the time of the visit with 1 staff person. (3-2 years old, 2-3 years old, 2 - 4/5 years old) Facility is all compliant at the time of the visit. Absolutely love the extension of outdoor play area. Discussed zoning with the provider and how because of her zoning she is only allowed to serve 8 children unless they have a conversation and can approve more at a later time. Providers children are allowed to play in their own room as long as they are attended to and within sight and sound, but no other children are allowed in the other household areas that are not approved for child care.
