Certificate #: 001505

Phone: 307-634-2797

Address: 4141 Laramie St.

City: Cheyenne

Facility Type: ___ FCCH ___ FCCC X CCC

Comments/TA Provided:

Fire and health are current at this time. Fire is due on 6/17/2021. Reviewed the central registry dates on current employees. All were completed in October of 2020. Emma and Kristi are no longer employed at the facility. Lori was reminded that fingerprints are coming up in September of 2021 for Lori, Stacy, Virginia and Nina. FA and CPR was updated in October for staff. Taya Isabella, Brandon and Jerod are either minors or in college. They do have the necessary qualifications on file at this time. The staff is checking the door alarms regularly to prevent escapees. They are following the current health order and would like to continue the same process after COVID as their facility has had fewer illnesses this year. They may as long as parents are allowed to visit/observe should they wish too in the future. Observed 6 classrooms that were in session. One of those was on the playground which was also observed. All classrooms were in ratio. Observed good supervision, great listening skills, nice projects, positive interactions and a well organized facility. Thanks for participating in this unconventional manner.
