Comments/TA Provided:

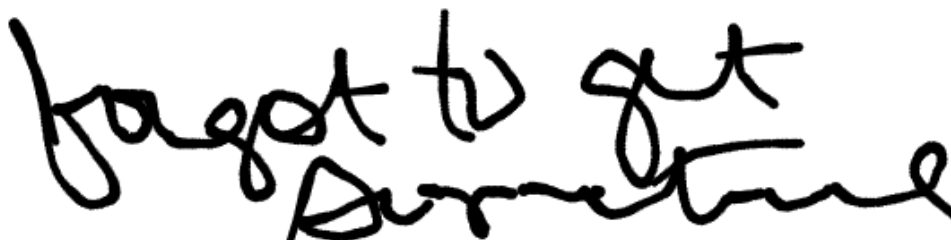

Unannounced visit completed this date. There is one child present at the time of the visit. Linda will have another child come about 2:20 and then will have 2 after school. Linda has 5 children enrolled at this time. Linda has paid for her City Health license but is having issues printing it off. I will contact Carla to see if there is a way that we can get the license. Discussed policy changes that needed to be in effect by 08/02/2022. Requested that she make these changes and send me the updates as soon as possible as she needs to give updated polices to her parents. Linda did receive the sample copy that was emailed to her. Reminded Linda that central registry and sex offender are due for her and her husband by October 19th 2022. Reminded Linda that these screens are now completed online and I will forward her the instructions on how to complete the screens. Requested that she complete these prior to their expiration to avoid violation. Gave Linda the information to contact me with any questions or assistance needed.
