<b>Comments:</b>		
<p>Facility Inspection for renewal completed on this date. While in the infant room it was observed that the sheets were bunching up the bottoms of the pack n plays so that they did not fit, and couldn't be secured. There were no infants in the pack n plays at this time. Sheets were removed and bottoms will be secured prior to use. Discussed sanitation and each child has their own pack n play but will just be sprayed daily. Received application for recertification, fees, menu, policy statements, staff record, and fire inspection for renewal. I will let Savannah know if anything else is needed for renewal. Requested that Savannah send me the variance request for the cribs for the new license year. The other variance requests have been recieved.</p>
