Comments/TA Provided:

Unannounced visit was conducted on this date. There are 4 children present at the time of the visit. 2 infants, 1 1 yr old, and 1 2 yr old. She will have two preschoolers come this afternoon. Jennifer has 6 children enrolled at this time. Jennifer did move the diaper-changing table so that she could have better supervision. She is still within the required distance of the handwashing sink. She still uses the nap/playroom and is still actively supervising when children are napping. If they are in there playing they all play in there. No other changes have been made to the program. Discussed the blankets and bobby pillow that are in the pack-n-play. Jennifer is removing the items from the playpens prior to use for sleeping. Reminded Jennifer that their central registry and sex offender were coming due next month and explained the online process. Gave Jennifer the instructions for the central registry process. Please call me with any questions. Have a great day!
