Required unannounced visit completed via google hangouts. There are 8 children present at time of visit with one staff (Jennifer) Matsu 2, Kyree 5, Phoenix (Infant), Rylan 2, Brooklyn 4, Adolph 1, Chaos 3, London 6. Jennifer is still only using one staff, Crystal. Jennifer is still using her calendar for attendance and marking time in/out for each child. There are no new household members. The children are playing and getting ready for lunch. Jennifer has not made any changes to her program or space other than the changes required by the health order. Jennifer is still meeting parents at the door and taking temperatures of children. Jennifer stated that she is not having issues with it other than it is frustrating and time-consuming trying to make sure all the toys are cleaned and that they aren't each touching them. I reminded Jennifer of the webinar that they were having tonight with the Wyoming Department of Health regarding the COVID. They are spending a lot of time outside playing. Discussed infant sleep, Jennifer is using a pack n play for the infant and is not using blankets and laying the child flat on his back.
