Comments/TA Provided:

Facility visit completed this date. They started doing full-day classes this year. There are 15 children currently enrolled in the preschool program and 5 children enrolled in the Early Headstart. The Early Headstart children are still coming twice a month to the center. Discussed added nap mats, and pm snack since the children are staying. They have children 8:00-3:30pm. Reviewed staff records with Leighann, no new staff. All information is current and on file. The fire inspector will be here next week. They got new astroturf on the playground, all ASTM certified. They do have all the paperwork at the facility. There are 15 children present with Ann, Stephanie, and Breanna. They are using bright wheel and are using the tablet to track attendance for both. Staff are getting used to checking in/out, now that they are working full day they take breaks so it has been an adjustment for the staff. Please call me with any questions. Thank you!
