Comments/TA Provided:

Out to look at the playground and approve for use. Cristol removed the climbing net and moved the equipment to allow for the 6-foot use zone. There are 9 children present at time of visit. There are 8 children outside running through the sprinkler with Cristol and an infant inside with staff. Kaylen infant, Addison 1, Jaylen 1, Teagan 2, Blake 2, Leighton 3, Lucian 4, Serenity 5, Travis 6. Cristol just purchased a swing/glider and states that it says that babies can sleep in it because it is a flat surface. I looked at the book but didn't see where it was specific about sleeping or not. We will check further and and staff it with the state office and let Cristol know. Reminded Cristol that she needs to make the additional changes to the variance request and resend it to me so that we can get that reapproved for renewal. Please call me with any questions. Thank you!
