Comments/TA Provided:

Preliminary visit done at new location. The preliminary measurements will for a FCCC, the facility will be remeasured when they move and have furniture in place. Discussed baby gates on the steps and deck. Cover outlets that are exposed. Cover the bare plywood floor or paint so it is easily cleanable. East of the play yard has a 44" high fence. Recommend requesting a variance for the fence height. Fire has compliance required prior to relocation. An inspection will be scheduled after Brittany has possession of the house.
