Certificate #: 016911

Phone: 307-331-9914

Address: 47 Lakeview Dr.

City: Douglas

Facility Type:  FCCH  FCCC  CCC

Comments/TA Provided:

Scheduled visit made to do a relocation inspection this day. Construction has not been completed yet, a carpenter was present with lumber for trim laying in the living room, the kitchen and bar were covered with construction equipment, a circular saw was in the dining room. Rooms for child care were not yet set up and furniture is not where it will be. There was construction dust over the kitchen and dining room and floors. Discussed the wrap around steps that should negate the need for railing on the steps, checked the play yard and did preliminary measurement of family room, dining room, and two bedrooms. Furniture is still to be added and removed from rooms, at this time the facility appears to be able to licensed for a capacity of 10. Leann is aware that until the home is inspected and Licensed she can not care for more than two unrelated children. Inspection rescheduled for the afternoon of 7/6/22. An electronic form was not filled out at the time of the visit and was completed in the Licensing Office.
