C	67.	All equipment and products used in child care facilities shall be used per manufacturer instructions. Manufacturer instructions/guidelines, including but not limited to Indoor/Outdoor equipment, Cribs, Sleepers/Sleep Sacks shall be on file.

Comments:

Pre-school program, half day sessions - no outside play space needed, no meals served. Facility is beautiful, so many great activities, age appropriate toys and centers available. Really great job. Very organized and meticulous attention to detail. For Tess - all core credits and 6 electives are complete. For Brittany - Core credit #2 and 6 electives complete. For renewal - remaining training, request for renewal, renewal fee, fire and sanitation inspection. Discussed what we will do if sanitation is not completing inspections by expiration date.

69. Child Records Notes

24 children enrolled total, reviewed 6 child records. All records are in compliance and really good forms are used. Discussed how children who marked no to picture sharing are handled for pictures - excellent plan and impressive knowledge of the children in care and individual needs.

70. Staff/Volunteer Record Notes

All staff records in compliance and on file.

71. Staff Child Ratios and Supervision

In compliance (2:7 3-5 year olds)
