Comments/TA Provided:

This was an unannounced visit via zoom. Jessica had 4 children in care today. 1 infant, 1-1 yr old, 1-2 yr old and 1-3 yr old. All children were playing well together. The infant was getting a lot of attention also. Nice job Jessica. Jessica was reminded that her FA/CPR is due at the end of 6/21. She s working on training hours. She is following the health order regarding drop off and pick up for the children. Temperatures are being taken and documented. She had sanitizer solution in various areas --diaper, eating, etc. They were out of reach from the children. Looks good! Thanks again!
