Facility inspection completed this date. Melina has one part time staff. She doesn't work very many hours per week. There is no other household members living in the home other than Melina and her children. There are 9 children present at the facility. There is 1 infant, 3 1 yr olds, and 3 2 yr olds, 1 3 yr old and 1 4yr old. There are too many children present at the facility as the capacity is only allowed for 8 children. If you would like to have over 8 children at the facility you need to have a conditional use permit. Melina is having her daughter go to grandmas so that she can meet the required ratio. Melina's daughter did leave during the visit. Melina will start the zoning process, gave information on where to go and who to contact. New Licensing rule book and rule tool given to Melina. Please contact licensing with any questions. Thank you!
