Comments:

Facility Inspection/Sanitation Inspection for renewal completed via zoom on this date. The licenser was able to view all areas of the facility, records, and staff/child ratios during this visit. Discussed training with Melissa, she is having a hard time getting things credited by STARS and has sent multiple emails. Requested that Melissa forward me the emails and that I would follow up with STARS to get the training entered. Also, reminded Melissa that she needs to assure that she is having her new staff complete the training within 90 days or prior to being unattended with children to avoid any violations. Melissa did replace the snow fence outside with a chain-link fence, no other changes to the playspace. No changes to facility. Followed up with Melissa on infant sleeping, infants are sleeping in pack n plays with no blankets/pillows etc. Was verified during the inspection on this date. Discussed renewal and what was needed to renew the child care license.

69. Child Records Notes

Melissa has 20 children enrolled at this time. Verified children's records, all information is current and on file. Melissa had questions regarding immunization records and if she had a family that did not want to have their child immunized. Referred Melissa to the Dept. of Health website, and the exemption forms. Reminded Melissa that children's records must be reviewed and updated annually.

70. Staff/Volunteer Record Notes

Reviewed all staff records with Melissa, all information is current and on file for staff. She is working on getting STARS information added. Melissa has one new staff that she is hiring but the staff has not started working yet and Melissa is working to gather the required information. Reminded Melissa that when her staff turns 18 she will need to send in central registry, DCI/FBI, and SOC and will need to have a variance on file and continue to supervise her until all requirements have been met.
