Phone: 307-514-1128

Address: 522 Van Lennen Ave.

City: Cheyenne

Facility Type: \_\_\_ FCCH \_\_\_ FCCC X CCC

Comments/TA Provided:

Fire and health are current. All first aid and cpr is current. Reviewed new staff records and documented on CCL-205. Current and qualified. There were 7 children present: 1 infant with 1 staff, 4 with 1 (ages 2 and up) and two 1 yr olds with 1 staff. TA was provided regarding ratios and group sizes. Felicia had scheduled extra staff today as she was to add some additional one year olds who did not start after all. Licensor will send the rough draft of the 205 and a blank one for her continued use. Both Annette and Felicia have obtained their IT credentials and will provide a copy of the certificates to the licensor. Congratulations. The facility appeared clean and well organized via zoom. There is also a new cabinet with supplies. It looked like there were not dangerous items in it. Felicia agreed to put a child lock on it in case things inadvertently changed or a busy child opened it and the newsprint fell on them.
