Comments/TA Provided:

Unannounced visit made. 13 children were present with 3 staff. Tara has recently been working with Penny Hotovec who has been helping her get updated with STARS. Discussed mixed age group ratios and group size limits. Tara is keeping her ratios lower than is required. Checked staff records, for 6 staff, all are current. The facility is very clean and organized. Toys and equipment are sanitized daily. Checked facility, recommend replacement of 2 toilet seats that are either chipping or badly stained. Forwarded emails to Tara this day with the new fingerprint 108 and information and ELF/ELG access information.
