Comments/TA Provided:

Visit conducted to look at new outside play space. Measured outdoor space at 31x30=930/75=12 children. We discussed equipment and none can be added over 24 inches unless use zones and surfacing requirements are met. Will check fire about keeping door locked. Things are going well in the new location. One staff with 4 infants 2 staff with 9 3-5 year olds Alma, Prascilla and Cassie. Been running approximately 29 kids a day and we discussed ratio options to allow for children who need down time. Discussed given the preschool kids tasks or jobs to help since they want to help. Discussed transitions for kids and listening options to help staff. Discussed rugs for down time and also suggested contacting Penny Hotovac for suggestions.
