Comments/TA Provided:

Required unannounced visit. When arriving at the facility it was observed that they are blowing up a water slide out on the grassy area in front of the child care facility. There are 11 children with 2 staff Lacy and Megan 2 to 5 year olds. 2- 2 yr old, 3 3 yr olds, 2 4 yr olds, and 4 5 yr olds. There are 8 children with Tashua at the movies. Please do not use the waterslide until the time that we have additional information in place. You will need to have permission on file, will need to review the manufacturer's instructions, and we need to have a variance in place as the slide is being used outside of the approved play space. Please assure that attendance sheets are up to date and accurate at all times and verified by staff to assure that parents are signing them children in. There are 29 children enrolled in the summer program. Discussed staff records, central registry has been sent for Megan and Natashua and should be coming back anytime. Explained that if they don't come back prior to expiration they can't work. Also, Lacy is scheduled for CPR/FA on Monday. Discussed CPR/FA dates and and that they expire on the date verses at the end of the month. Requested that she change this when she updates her staff record summary. Julie's DCI/FBI has expired, they have not used her to sub and will not until the time that DCI/FBI results are current and on file. While looking through the manufacturer's instructions, it shows that they have to have 10 ft. of spacing around the slide, there is not enough space to allow for the required spacing. Requested they discontinue use. They will still request a variance as they want to use the grassy area out front for water days, bikes etc. Jessica does have the new variance form. CCL-301 and CCL-305 for attendance emailed to Jessica on this date.
