Virtual unannounced visit conducted. Lacey was reminded her WY C.R.s expire in Sept. for all 3 household members. Lacey's updated driver's license is also needed. Attendance records were checked and all 5 children present were viewed. Child care areas were viewed, 1 outlet was covered during the call. The bathroom was checked. There was an infant in care but no infant sleep area was set up during the call. No changes to food service. The play ground was viewed, no equipment over 24" high. Holes in the yard have been filled and the play house floor was repaired. There is a swimming pool that is surrounded with a 4' fence. Discussed hand washing, sanitizing procedures, and screening children. Lacey said she has no concerns with the public health order for Covid. She said they are not using masks. Lacey is using Mikayla's room less over the summer while she is home. Remember to update your well test and WY C.R.s before they both expire. Send a copy of your updated driver's license to the Licensor.
