This visit is to monitor the progress of the journal/guidance and discipline regarding the allegation from April 2020. Jeri has been keeping regular notes in her journal. She is working on discovering what works with Eric and Wyatt. The whole training is being applied to all of the children in care. Jeri is becoming more calm. Observed nice positive guidance when coming in from outside. 9 children present. Ages 1.5 to 7 yrs. of age.
