Time: 01:30

Provider: _____

Certificate #: 001980

Phone: (307) 871-3778

Address: 2315 Hitching Post Drive

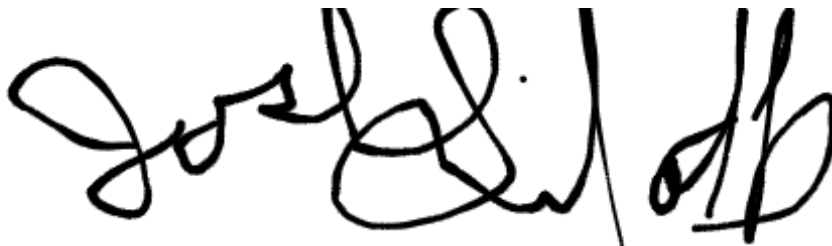

City: Green River

Facility Type: FCCH FCCC CCC

Comments/TA Provided:

This visit is to remeasure the available space for the change request that will be submitted to transition the facility type from the current FCCH to a FCCC. There are 9 children in attendance at the time of the visit with 1 staff person. Stephanie (1 - infant, 1 - 1 years old, 2 - 2 years old, 3 - 3 years old, 1 - 4 years old) Measurements will be scanned and changed along with a copy of the formal change request form. TA - please ensure that the gate i the proposed infant area is secured and closed properly at all times. TA - please secure the cords behind the couch and the cord for the air conditioning unit in the window. Approved the small room off the living room area for napping infant only because it is within clear sight and sound and child will be secured in a pack and play while napping. TA - Please do not use the pack and play that is set up because it can not securely attache on the bottom. The pad velcroes but it is too loose and has the risk of entrapment if an infant or toddler gets their arms or legs under the mat. Discussed orientation for all staff and Stephanie will send a copy of email transmittal to stars with the orientation completed for all staff.
