Virtual unannounced visit conducted. Upon arrival the children's temps are checked, parents sign the children in at the computer, the children then wash hands, and parents take them to their classes. Toys are all washed during rotation and are sanitized daily. The children are allowed to wear masks if they wish, staff are not wearing masks. Restrooms were checked. There are no weapons or infants. The facility is currently picking up free meals from the school, the free meals will stop at the end of this semester. Classrooms were checked ratios and supervision were compliant. There were no changes in the playground but the surfacing was loosened before school started. Cheryl said the children do not go outside if the temperature is below 20 degrees. Staff records were checked electronically, there is only one new staff in the licensed portion of the facility and her records are complete.
