Comments/TA Provided:

There are 5 children in attendance at the time of the visit with two staff members, Becky and Brittany (5 - 4/5 years old). The children are all participating and going on a bear hunt at the time of the visit. Reviewed staff summary and staff qualifications with director at the time of the visit. The children caught caterpillars and they are now in cocoons and about to turn into butterflies. The attendance record is current and up to date. Facility is all compliant at the time of the visit they just need to post their most current fire inspection because the one that is posted on the bulletin board is not current. Completed a walk-through of the playground to ensure compliance.
