Unannounced visit completed this date via Facetime video. There are 6 children present at the time of visit with one staff. Alexander 12, Locklyn 3, Oliver 1, Adelina 3, Chevelle 3, Grayson Infant. Kd has 8 children enrolled at this time. Reminded Kd that her sex offender and central registry were due in August for her and her dad. There are no new household members or staff. Kd is still using her approved space for childcare, livingroom, diningroom and sleeping the younger children in pack n plays in her bedroom. I was able to view all areas of the facility and the children in attendance. They are still going outside to play and no changes have been made to the facility or the play area. Discussed health order, and KD is having parents drop off and pick up at the door. She is checking temperatures on arrival. Kd stated that she has amped up her cleaning and sanitizing. She does have masks for herself and her children but is struggling as she has some that don't mind wearing them and other's that refuse. Kd states that she tries to wear hers whenever possible, however, she has a little one that is scared of the mask. I gave Kd the information to contact me with any questions or she needs anything from Licensing.
