Comments/TA Provided:

This visit was for reported violations received on 08/10/2020. Facility is all compliant at the time of the visit. There are 5 children in the 1 year old room with 2 staff present, Christina and Alex (5 - 1 years old). There are 5 child in attendance in the 2 year old room with 2 staff, Hailey and Jane (5 - 2 years old). Measurements of slide in use during the time of the injury show that the slide does not need resilient surfacing because is is less than 24" in height. The slide being used is only 15" in height. Received manufacturer instruction for the slide used at the time of the injury. Received manufacturer instructions for the wading pool/tub. Received manufacturer instructions for a slide on the same playground that does have a fall height of greater than 24" and requires resilient surfacing, but it is only used by the 2 year old children and not accessible to the 1 year old group. Director has permission forms on file as part of child record to support swimming/wading pool/water play.
