Comments/TA Provided:

2 staff present with 6 children ages 3-4 years. Children engaged in free play activities. Staff provided direct supervision and support for social skills. Encouraged children to play in acceptable manner in the group, encouraging waiting sharing and using please and thank you. Staff continually encourages children to use good social skills within the context of the child's play. Staff is very skilled at allowing the child to act appropriately with gentle encouragement and direction. Children were transitioned to circle time. Activity involved physical movement within the context of the story of three little pigs. Jill was very encouraging and paid attention to children who needed assistance with the physical movement by involving the therapists. Children had fun with the activity. Enthusiastically responding to prompts from Jill. Group was very busy and engaged big smiles, happy little group today.
