Certificate #: 002071

Phone: 307-358-7330

Address: 225 South 5th St.

City: Douglas

Facility Type: ___ FCCH ___ FCCC X CCC

Comments/TA Provided:

There are 2 infants in the infant area with 2 staff. New staff, Dary-Ann is a new staff they are waiting on CPR/FA so she is working with qualified staff Larissa. They have 4 in the infant room, but has several expectant moms that will be bringing their infants. There are 3 one year Olds with Hailey.3 Discussed amber necklace just reminded April to remind staff that it needs to be removed while child is sleeping. There are 10 children (3-5) with one staff, Ashley. They are outside playing. They are cleaning extra. Things are going okay with that, they are getting extra help from the hospital, cleaning touching surfaces two or three times. There are 6 (2-4) years with 2 staff Madison and Kalle. They added a 2's classroom this year to make an easier transition for the toddlers. There are 4 children (1-2) with 1 staff, Jodee. Irene is also a new staff but is on break. Verified new staff records for Jodee, Daryl-Ann, and Irene, all verifications completed and on file except for CPR/FA for Daryl-Ann, and she will be in the class once it is scheduled. The school age children's last day was June 26th as the Boys and Girls club reopened so they are no longer caring for any school aged children. They have approximately 40 children enrolled at this time. They average between 25 and 30 children a day, they haven't had any changes other the the extra cleaning and the COVID related requirements. Gave April the information to call me with any questions.
