Comments/TA Provided:

This was a lunch time and a transition time to rest time. There were 27/3-4 yr olds with 1 staff. Some were not asleep yet. 4 infants were with 1 staff. 12 --4,5,6 yr olds were with 1 staff. 9 1 yr olds were with one staff. Some were awake. After discussing the ratios with the director, it was found that there were enough staff to cover and some children had just woke up. Staffing and hiring is difficult at this time. Suggested the sub list but it has never had results for this facility. No questions. Fire and health are current.
