Comments/TA Provided:

Facility looks so good, health screening and sanitizer available right outside the front door. Home is clean and many age appropriate and developmentally appropriate toys. Kids in care are so friendly and welcoming. Checked staff summary, all records are current. 1:5 (1, 1, 2, 3, 4) in compliance. Fire just expired 4 days ago, fire inspector is working on getting caught up, so don't worry about it too much right now, but please feel free to give him a call. Great job!
