Comments:		
<p>Facility Inspection completed this date for renewal. Discussed renewal requirements and what was needed to complete renewal. Discussed and showed Bobbie how to access the new WY Health and Safety Modules. Requested that Bobbie have her staff keep a paper attendance sheet for their classroom so that they can use it for a headcount in case they do not have access to the internet in an emergency. Gave Bobbie the information and sent her the letter regarding the new City Health License process. Bobbie would like to take her (3-5) year olds to swimming lessons this summer. Gave her the information that I would staff this with the supervisor and let her know what was needed prior to this time. Received parent handbook staff handbook, and fees for renewal.</p>		

130. Child Records Notes
