Unnnounced visit completed this date. Discussed policy statements with Bobbie and termination of children and the suspension/expulsion policy. Reviewed staff records with Bobbie, Bobbie has several new staff. Verified completed information. Bobbie has one staff that central registry was not completed for and is expired. Explained that staff H.P could not work until the time current results are on file or a variance approval is on file. There are 10 children (3+) present in the preschool area with Bobbie and Elizabeth. There are 6 1 yr olds and 3 3 yr olds Bailey and Autumn. There are 2 infants with Sherri. Please let me know if you have any questions. Thank you!
