Comments:

Facility Visit for renewal completed via zoom. Discussed with Wendee that they may not be doing fire inspections right now but if that's the only thing we are waiting on for renewal we can look at a provisional to allow for time for the inspection to be completed. Is using sleep sacs for infants, they are not restricting their arms. Sleeping infants in cribs, on their backs, no blankets/pillows. Discussed sanitizing they are rotating toys and sanitizing, toys, tables, doorknobs. They have removed the hanging library loft and the swing. With their grant money, they purchased an outdoor sink so that the children can wash their hands before going into the facility. They can't use it right now as it would freeze but have it out there in warmer weather. They added a sandbox, however, it is covered when not in use. Discussed renewal information needed to complete renewal and explained that all information was needed prior to the expiration of the license.

69. Child Records Notes

They have 28 children enrolled at this time including the school-age children. Children's records were verified and all information current and on file.

70. Staff/Volunteer Record Notes

Wendee has one new staff. In checking staff records, there is no out of state central registry on file for Danielle Morris, it has been sent but not received. Danielle can't work until the out of state central registry has been received or a variance approval is on file. Danielle is not at the facility during the time of the visit. Wendee will request a variance. Wendee also has another staff that is due for an update on DCI/FBI fingerprints, these were delayed due to COVID, however, they have been completed and sent in. Wendee will request a variance to allow her to continue to work supervised while awaiting results.

71. Staff Child Ratios and Supervision

There are 14 children present at the time of visit. There are 5 2 yr olds with Angie There are 6 3-5 year olds with Laura 3 infants with Kristi
