Comments/TA Provided:

Facility inspection completed this date. There 6 children 3-5 yrs with Annette. They have one child working with a therapist. They only ever have 10 children in this group. There are 7 children with Aimee (2-3 yrs). She has one child that is being tested by CDC. They don't use the playground equipment, they play in houses and ride little cars. When checking records for new staff. We do not have central registry or sex offender for Annette. Licensing will have this expedited so that staff is eligible to stay working. Results for sex offender and central registry were received prior to licensing leaving the facility. Ellen Parke can not work in the classroom until she has received pre-service and staff orientation. Ellen also needs ELG/ELF within 12 months of hire date. Annette also, needs to have ELG/ELF and should have had this prior to working unattended with children. You need to print copies of DCI/FBI (12/10/21) and sex offender (12/16/21) and CPR/FA for Aimee. Discussed the playground and was told that it had been approved by previous licenser. Please call me with any questions. Thank you!
