Comments/TA Provided:

Unannounced visit completed this date. They have received all verification for staff that were working on variances except for one staff who is waiting for out of state central registries. Received updated staff record summary, verified staff records for new staff. Lisa Brown, new director is working on her paperwork to complete the director change. There are 6 children in the daycare room with Kynzie and Dawn. Discussed maybe changing the license date, gave Dawn the information to let me know. There are 22 children w/ Debbie, Ashley, and Kristine. 17 w/ Betsy, Angela, and Lindsey. Children are 3-6 years of age. Sanitizing and things are going well, they are staggering classes and arrival/dismissal so that the children are not intermingling. When they have children napping they are assuring the 6 ft distancing. They have a part-time staff that is coming in to help clean the facility and help with the sanitizing. They have lowered their numbers due to the COVID. Please call me with any questions.
