Required unannounced visit completed this date. Discussed staff record with Dawn and Lisa. Their last day of classes will be June 9, 2021, and will reopen August 26 for a few hours and then reopen full school for September 1. They will do some small camp-type classes this summer. They are going to offer music, science, and yoga. In looking at staff record, they have one staff (Deja) that has expired CPR/FA. Deja will need to be directly supervised at all times until the time that she is able to renew her CPR/FA. They did contact a CPR/FA instructor while Licensor was at the facility, and the class will be scheduled for next week. Also, reminded Lisa that they have several staff that are coming due for CPR/FA in August, and that they have DCI/FBI coming due for two staff in August and October. They are possibly looking at maybe using the garage space to add a class room explained that when they get further in the process and have an idea of how the space will be used to send me a rough draft of what the space will look like and I will schedule a walkthrough. Lisa will send this to me once they have a more solid plan. Things are going well this year, they are looking at wanting to put the variance in place next year again to be able to increase the capacity of their classroom. Requested that they send this in so that a decision can be made prior to class starting. - There are 20 children with 3 staff, Debbie, Christine, Deja. There are 17 children with 3 staff, Betsy, Ashley and Angie. There are 10 toddlers with Chanda, and Kynzie. Visit form, CCL-301 (statement of allegations, and CCL-305 (Notice of Non-Compliance) emailed on this date.
