Comments/TA Provided:

There are a total of 12 children in attendance at the time of the visit. Attendance is currently kept at the front of the building. There are a total of 4 children in attendance in the infant classroom with 1 staff person, Michelle (2 - infants, 2 - 1 years old). There are a total of 8 children in attendance in the main classroom with 1 staff person, Valerie (2 - 2 years old, 2 - 3 years old, 4 - 4/5 years old). Reviewed staff record and staff record is all current at the time of the visit. Rachelle has had background checks completed but she will only ever be a volunteer and never have direct care of children, be considered in staff to child ratio, and be left alone unsupervised with children. Director is asking for help with either access to the sub list or help expedited a new hire that she is planning to interview because the staff just needs extra support. There are bleach wipes and toilet cleaner beneath the sink in the bathroom, but fixed immediately on site at the time of the visit. Licenser will check at next inspection to ensure that the fix has been continued. Provider will send over a copy of the new CPR/FA cards for Michelle.
