Comments:

TA - please think about including a child's first name and last initial on the attendance rather than including full first and last name because it is a confidentiality issue. TA - backyard must be cleaned of all debris and made safe for children to play before using this space. Please check all toys when snow is gone to ensure that they are safe and sanitary for children to use. Thank you for creating opportunities inside of the facility for Gross Motor play and activities when you can not get outside. Need - to check in on facility compliance with dual level home and dual level available space used for childcare. Need - to check in about a variance for use of dual levels in facility. TA - discussed the facilities option to use the local senior center bus for transport when they go on trips or when they travel. Advised that to transport each child would need to have a car seat or the bus must have 5 point safety buckles to ensure the safety of children. When transporting always have a first aid kit and emergency contact information for every child. Need - new updated policy statements and emergency preparedness plan. Email example of suspension and expulsion policy and examples of emergency preparedness plan. Received renewal application CCL 100b, renewal fee, staff summary at today's visit.

69. Child Records Notes

Child records are updated in January every year. There are a total of 14 children enrolled at the facility. Checked three children records at the visit for compliance. Facility does not provide anything over the counter for children, it must be brought by the parents. Child records are all in compliance at the time of the visit.

70. Staff/Volunteer Record Notes

Staff records are all in compliance at the time of the visit.

71. Staff Child Ratios and Supervision

Staff:child ratio are all in compliance at the time of the visit. There are 8 children present at the time of the visit with 1 staff member (2 -3 years old, 6 - 4/5 years old)
