Certificate #: 000236

Phone: 307-324-3320

Address: 1525 ABERDEEN

City: Rawlins

Facility Type: \_\_\_ FCCH  FCCC \_\_\_ CCC

Comments/TA Provided:

There are a total of 5 children in attendance at the time of the visit with Peggy at the time of the visit (4 - 3 years old, 1 - 4 year old). Discussed current variance that are on file for the use of a bi level home and to use the basement bathroom as the child care bathroom for children. Attendance showed that there were a total of 9 children signed in to the facility at the time of the visit, but there are only 5 in attendance. TA - with provider discussing that she needs to include more in and out times for children because the children who get on the bus to go to school were not signed out, and there is not a line for children to be signed in when they are dropped back in when they come back after school. Discussed with the provider that going forward new child care licensing rules will require for complete and accurate/up-to-date attendance for children at all times. Discussing expiring qualifications that are coming in the next few months such as CPR/FA and central registry. Discussed training with provider. TA - At the time of the visit it is observed that there is a knife left out on the counter in the kitchen. Licensor asked provider to safely take care of the hazards that are present in the kitchen at the time of the visit. This was immediately corrected and fixed on site. The children are all napping at the time of the visit and this is the time that the provider cleans up from making lunch for the children and because licensor is here she has not had the chance to get everything cleaned up yet.
