Comments/TA Provided:

This visit is a facility visit requested by the provider to remeasure for individual room capacity and to see if they have the potential space to add another classroom. Provider will discuss the 4th classroom options with the church owner and follow up if they plan to use the extra space for childcare. At this time the facility was remeasured and is approved for a change of capacity from 36 children to a total of 38 children based on the measurements taken at the time of the visit. Classroom #1 is approved for a total capacity of 11 children, Classroom 2 is approved for a total capacity of 13, and classroom 3 is approved for a total capacity of 14. If an when the church approves child care in the 4th classroom, the approval total capacity for that room could possibly be 10 children. TA - provider should post individual room capacity above the door in each classroom. Provider will need to submit a change request at the time they want to change the capacity of the facility. Measurements taken at the time of the visit will be scanned in and uploaded and the room capacity for the facility will be updated once the change request has been submitted and approved.
