Certificate #: 002418

Phone: 307-234-2450

Address: 3041 Paradise Drive

City: Casper

Facility Type: ___ FCCH ___ FCCC X CCC

Comments/TA Provided:

Required unannounced visit to facility. Jeanne is out sick today, however, Tami Clay, Assistant Director is present at the facility. Tami, and Melissa do not have current central registry screens on file. Tami is not working in staff/child ratios as she is a kindergarten teacher for the school, however, Melissa is in a classroom and is unable to work. Will have to leave until either a current central registry and sex offender are on file or she can return with an approved variance on file. Form was completed and emailed into central registry while I was at the facility. Discussed health and safety trainings with Tami and explained how to do the Wyoming modules. Explained if they are having issues that they can contact STARS and they will help with this. Tami filled out and completed her central registry form and it will be emailed to central registry today. Variance request form was emailed and will be sent to Licensing today. There are 8 children with Susan, 3 years. There are 10 children 4 + with Melissa. Monica will cover the classroom until variance or results are received. There are 3 children 2-3 with Angela. Variance request received and will be sent in on this date.
