Comments/TA Provided:

Unannounced visit on this day. One classroom is napping at the time of visit. A second class arrived at the time of the visit. Each class has 16-18 kids 3-5yrs old with 2 staff. Facility is hiring two extra staff specifically for cleaning the facility between classes throughout the day. There are many other sanitizing precautions in place due to COVID. Facility operates 7:45-4:30. Arrival times for each classroom are varied to eliminate large crowding of parents and children. Reviewed staff records. Jessica provided an updated copy of ccl-205. A few staff completed a first aid/cpr class on 10/2/2020. Some of their cards have arrived, but not all of them. No compliance due.
