Address: 2020 EAST 12TH City: Casper

Facility Type: \_\_\_ FCCH \_\_\_ FCCC X CCC

Comments/TA Provided:

Required unannounced visit. The children are getting ready to leave for the morning session and the afternoon classes will be here between 12:30 and 1:00 pm as they are doing a staggered, drop off and pick up this year. Teacher's are sanitizing classrooms between sessions and also sanitizing the play area outside. They are doing attendance outside of the classrooms as parents are not allowed to enter the classrooms. Discussed staff records with Shannon and Lori for substitutes going up to the Summit Location, Shannon will send a staff spreadsheet up to the Summit Location for the staff that may potentially be substituting up there so that they have verification of staff records. Looked at staff records, Shannon emailed me a new staff record summary, she has a few staff that are coming due for health and safety and has them working on that. They are still operating with a maximum of 15 children with 1 teacher and 2 assistants on most days, if they have someone gone there may be only 1 assistant with the teacher, however, there are always 2 staff with the classroom. Please call me with any questions. Thank you!!
