Comments/TA Provided:

Virtual visit on this date. Deonn gave a tour of the facility virtually. We went into each classroom to see child:staff ratios. 2yr olds - 7:2, 3yr olds - 5:1, 4yr olds - 4:1, 4-5yr olds 9:1. Attendance is taken on the computer and then in each classroom. There have been not changes to the kitchen area or playground. They are not transporting kids at this time. Deonn stated they have cleaning and sanitizing procedure at opening, middle, and end of the day. She stated toys are cleaned each day. They have a sanitizing mat inside the front door that people step in upon entry. It is filled with a peroxide solution. The mat gets refilled as needed and washed at the end of the week or as needed sooner. Deonn stated parents are not coming into the facility at this time. Staff meet families at the door. They have hired one staff since the renewal visit. Deonn will email staff documents and ccl-205 to licenser. All other staff records are up to date.
