Comments/TA Provided:

Virtual unannounced visit. Initial call placed at 9:05, Nicole was making breakfast and it was an inconvenient time for a call. She asked the Licensor to call back at 9:45, that was done. The visit was held with Director Ronda and Assistant Director Nicole. No new staff, TB documentation verified for the minor who is on staff. The Licensor verified the minor's training on STARS all is complete. Ronda advised CPR/FA has been completed but they are still waiting for the new cards. 2 infants are now enrolled in the facility since 6/1. Ronda said both of the infants belong to essential workers who needed care. The infants are 9 -11 months old. Checked infant sleeping area, pack and play floors are velcroed down. discussed no blankets in the infant beds as TA. 33 children in care today, divided into 3 groups with 4 staff, all ratios are compliant. 2 additional staff are on site. Checked the rooms in use and the bathrooms. Children are going outside daily. The play ground surfacing is being kept loosened around the slide. The playground was viewed from inside the facility, video was lost when outside. Discussed arrival, screening, hand washing and sanitizing procedures. Ronda said there was one child who broke a fever during the day yesterday, he was taken to the Dr. and diagnosed with strep throat. There have been no other sick children. Ronda said she has contacted public health with questions when she had them. No concerns or follow-up needed.
