#### Comments/TA Provided:

Video facility visit conducted with director, Chris Woollett. 3 staff present with 10 children ages 3 to 6 year, one more child expected. Ratio and supervision was observed and in compliance. Children were located in 3 areas and all children were supervised by staff. Virtual walk through of inside and outside spaces completed. Outdoor area is used daily and field trips to school grass field and playground across the street is also part of the summer program activities. No new staff at this time; all staff requirements are current: discussed upcoming renewal for central registry and fingerprints for staff that will be expiring in the next 90 days. Chris described the extra sanitization practices and protocols they are doing daily. Temperature checks for staff and children is done daily and documented. Extra sanitizing is done daily on all inside and outside equipment. Surfaces are being disinfected routinely and over all the center has taken extraordinary measures to ensure the health and safety of the children and staff. Staff and most of the children were wearing masks at the time of the inspection. . Children are being spaced out when possible and overall the center is doing an outstanding job with regard to safety measures. They are to be congratulated for their hard work and dedication to providing a safe and healthy environment for the children. GOLD STARS all around.
