Comments/TA Provided:

Unannounced visit was completed on this date. Discussed training requirements with Maranda and reviewed the staff record summary. Technical assistance was given on training as there are several staff who have not met training requirements. Gave Maranda a detailed list of what training was required for who. This training needs to be completed ASAP. Discussed the foster grandparent and that she needs to be qualified and a variance request needs to be received to allow her to work over the 24 hours and not complete the required training. Will verify qualifications and let Miranda know. Also, Maranda has a staff that has been working that needs out-of-state central registry. Maranda will send the variance approval and the KS CR. There are 18 children ages 3-5 children, with Tracy Kassody, and Isabelle with a foster grandparent. There are 19 children in the infant room, they are split into two different groups. 3 infants, 5 1 yr olds, and 2 2yr olds with Isabella and Alondra. There are 9 children 2-3 with Gabby and Riley. Two children were moved from the other group to this group. Variance requests need to be received today. Please let me know if you have any questions. Thank you!
